IV. INSTRUCTIONS REGARDING THE EXAMINATIONS IN TYPEWRITING.

Both at Madras and in the Mofussal.

1. Candidates in Typewriting will have to bring their own Typewriters and also the necessary carbon paper with them and must specify clearly on their answer papers the particular kind of machine used by them as, otherwise, their answer papers will not be valued.

2. The following is the list of the names of Typewriters recognized for use in the examinations:—The Remington, Remington Portable, New Model Remington No. 12, Yost, New Century, Smith Premier, Densmore, Empire, Underwood, Underwood Portable, Oliver, Armstrong, Standard Folding, Stearn's Visible, Sun Typewriter, Fox Visible, Salter, Victor Typewriter—Model No. 3 and No. 10, Monarch, Noiseless, Wood Stock Standard, Royal Standard No. 10, Rex Visible, Mollé, Mercedes, Demountable, Elite, British Empire Typewriter, Corona Portable No. 4, All-British Barlock Typewriter, Royal Portable or L. C. Smith & Bros. machine.

3. The candidates will, if necessary, be examined *in batches*, but at least *every four* candidates for the Lower grade, at least *every two* candidates for the Higher grade, must have one machine among them.

4. If a candidate reports to the Superintendent that his machine has gone out of order, the Superintendent will intimate this to the manager or instructor, if he is waiting outside on the premises, and will permit such manager or instructor to enter the hall (though the candidates may be at work) to inspect the machine and to remedy the defect or to supply another machine. It must, however, be clearly understood that the Superintendent incurs no responsibility in this matter; his action will be purely *ex gratia*, the whole responsibility resting on the candidate and the manager or instructor.

A similar concession will be allowed in the case of a private candidate, if he has someone outside who is willing to inspect the machine and put it right, etc.

No extra time will be given to candidates to compensate for loss of time while the machine is out of order and being put right.

In the Mufassal.

Heads of institutions who are desirous that their pupils should be examined in batches and private candidates who desire to be similarly examined should make the necessary arrangements with the Chief Superintendent concerned *two days* before the examination and furnish him with all the necessary information as to the number of candidates and machines and the time at which each batch will attend on the day fixed for the examination.

At Madras.

Lower Grade—Candidate's Hall Ticket.—Tickets of admission specifying the particular batch (first or second and so forth) in which the candidates elect to appear will be issued on the 19th April between 11 a.m. and 5 p.m. at the Office of the Commissioner for Government Examinations, Old College, Nungambakkam. These tickets should be shown at the entrance to the examination hall. Candidates who produce tickets will be admitted to the batch specified in the tickets. Candidates who do not provide themselves with tickets cannot claim to be admitted to any particular batch. They will be admitted only, if spare seats are available in the hall, i.e., after seats are reserved for those who have registered their names and obtained tickets for the batch. Candidates who do not hold tickets will accordingly have to wait at the entrance to the examination hall from the hour of commencement of the first batch and take their chance of being provided with seats in the first or in any subsequent batch. To avoid all inconvenience and possible disappointment, heads of institutions who are desirous that their pupils should be examined in batches and private candidates who desire to be similarly examined are particularly requested to call at the office on the 19th April with all the necessary information as to the number and name of candidates that will attend at the particular batch on the day fixed for the examination and obtain tickets of admission accordingly. *No tickets are on any account be sent by post whether to heads of institutions or to private candidates.*

Candidates that have such a separate machine and that do not want to be examined in batches are expected to appear for their examination with the third batch for the Lower grade. But this does not preclude them from registering their names for that batch and obtaining tickets accordingly.

Candidates for the *Higher grade* may appear for the first or second batch at their option and no tickets accordingly are issued for this grade.

Instructor's Hall Ticket.—Managers or Instructors of institutions and other persons who wish to be allowed into the examination hall in the intervals between the examinations of the various batches to inspect the machines and remedy any defects are requested to call at the office on the 18th April and have their names registered. Tickets of admission specifying their names, the institutions to which they belong, etc., will be issued to them and these should be produced at the entrance to the examination hall.

V. Directions to the Candidates.

Both at Madras and in the Mufassal.

Attention is particularly drawn to the following rules :—

1. Candidates for the examinations in *all* the subjects must bring with them for use in the examinations their own PENS, PENCILS, ERASERS, RULERS, KNIVES, CARBON PAPERS and ink of two or more colours (other than black ink) for map drawing, drawing lines in Book-keeping, etc.

2. Candidates in Shorthand will be allowed to transcribe their shorthand notes with a Typewriter; they must bring with them their own Typewriters for this purpose. They will not be supplied with any 'thick' paper for the purpose, but will be allowed to bring with them their own 'thick' paper, if they wish to use such paper. The use of carbon paper will on no account be allowed in transcribing the shorthand notes with a Typewriter. If the machine used by a candidate, however, goes out of order, no extra time will be given to him to compensate for loss of time while the machine is out of order and being put right.

3. No candidate will be allowed to enter the examination hall unless he wears a clean and decent dress, and in all cases where good manners require it, a suitable covering for the head, nor will he be allowed to keep his shoes on unless they are shoes of English pattern, and socks and trousers are worn also.

No candidate suffering from any contagious disease will be admitted to the examination hall.

4. Candidates are expected to take their seats in the examination hall at least five minutes before the time fixed for giving out the question papers. No candidate will be allowed to quit the examination hall on any day until the expiration of half an hour from the time fixed for the commencement of the examination, and candidates arriving after the expiration of that half hour will not be admitted.

5. No candidate will be allowed to re-enter the examination hall during the hours of examination after once quitting it, nor to leave the hall without finally giving up his answer papers.

6. Strict silence should be maintained in the examination hall.

7. *No candidate will, on any account, be allowed to take into the examination hall, slates, books, or portion of a book, ruled sheets, manuscripts or papers of any kind.* Any candidate detected in the violation of this rule or detected in speaking to, or in any way communicating with or copying from each other and in communicating with any other person outside the examination hall or having recourse to any unfair practices will be sent out of the hall forthwith, and his conduct reported to the Commissioner for disciplinary action. The use of mathematical instruments for drawing figures or ruling lines will, however, be allowed.

8. Candidates are forbidden to note down the answer to any question on the question paper itself; they will not be allowed to take any papers, except their question papers, out of the examination hall.

9. Candidates are forbidden to tear up paper, or to throw ink or papers on the floor. All 'spoilt' copies, etc., should be left on the desk where the candidate has been writing.

10. Candidates may have to write their answers on both sides of the paper supplied to them and they will receive the necessary instruction on this point in the examination hall from the Chief Superintendent of the examinations.

11. No candidate will be allowed to exceed the time assigned to each paper.

12. As soon as candidates have finished writing their answers and wish to give up their answer papers, or at the end of the period prescribed for each particular part of the examination, each should rise from his seat and remain standing until one of the Superintendents has gone up to him and has received his answer paper from him. Any candidate wishing to ask any question of the Superintendent will pursue the same course but will on no account leave his seat.

13. Candidates whose names are not in the printed list furnished to the Chief Superintendent must submit a written declaration through the Chief Superintendent giving full particulars in regard to themselves including their address, and furnish such evidence as may be possible of their

having applied for admission to the examinations at the proper time and paid the prescribed fees. The answer papers of such candidates will not be valued unless it is clear that the omission of their names is due to no fault of theirs.

14. Candidates are requested to note carefully the particulars printed in the nominal list and satisfy themselves whether they tally with those as given by them in their applications for admission to the examinations, so that any alteration with regard to their initials, name or class of community or any other correction that may appear necessary might be pointed out by them in writing to the Chief Superintendent.

15. Candidates choosing to change their place of examination without previous permission, or appearing at any centre other than the one at which they ought to have appeared according to the notice published in the Gazette, must not expect to have their papers valued or their results published. In all cases where permission has been granted, the memorandum or letter permitting the change should be produced for the satisfaction of the Superintendents.

16. The answer papers should be stitched or pinned together at the upper left hand corner, and the whole folded into *two*; lengthwise (not crosswise into four). The register number, the name of the candidate, the place of examination and also (in the case of the examinations in Shorthand, the particular system adopted) and (in the case of the examinations in Typewriting, the name and number of the Typewriter used) should be written out clearly by the candidates on the top right-hand side of the first page of the answer paper, as well as on the top of the paper after it is folded.

[*N.B.*—Candidates should distinctly understand that failure to furnish them particulars may involve the rejection of valuing their answer papers.]

17. Any candidate who does not behave properly towards the Chief and Assistant Superintendents of the examinations or is suspected of having had recourse to malpractice of any kind is liable to have his examination invalidated and also to be debarred from appearing again for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit; or, *if the Commissioner is not satisfied for any reason whatever as to the trustworthiness of his results*, he may be required to undergo a re-examination at some future date to be fixed by the Commissioner in any one or more of the subjects of the examination for which he appeared, his success or failure being determined on the results of such re-examination.

18. Candidates are forbidden to communicate with the Examiners; should they do so, their answer papers will not be valued and further their conduct will be reported to the Commissioner for any action that he may deem fit.

19. No information can be furnished in regard to the results of a candidate in any subject or in regard to the marks obtained by him or in regard to the particular section or subdivision in which he may have failed. The names of successful candidates in each subject arranged in two classes, first and second, will be published in the *Fort St. George Gazette*. The pass-list for each grade of a subject as published in the Gazette is complete and final. Applications from or on behalf of unsuccessful candidates asking for information as to the cause of failure or for a revaluation of the answer-papers will not be attended to.

738. Read, approved and recorded the minutes of the proceedings of the previous meeting held on Friday, the 8th March 1929.

739. Read again Resolution No. 377, dated the 21st September 1928 and G.Os. thereon Nos 506 and 551, Finance (Marine), dated respectively the 28th September and the 31st October 1928, sanctioning an estimate amounting to Rs 21,000, debitable to Capital for fencing and providing two septic latrines in the reclaimed area at the South Accretion as supplemental to the estimate amounting to Rs. 4 lakhs for the provision of warehouse accommodation in the reclaimed area sanctioned in G.O. Mis No. 548, Finance (Marine), dated the 23rd June 1928.

Read a note by the Chief Engineer proposing, for reasons given, certain deviations from the sanctioned estimate amounting to Rs. 21,000 and submitting a revised estimate amounting to Rs. 16,000, together with plans and a comparative statement explaining the deviations—the revised estimate providing for, besides the fencing of the reclaimed area, the construction for the use of coolies working in the warehouses of only one septic latrine in that area instead of the two originally proposed; the shifting of one of the two fresh water taps erected for the construction of the warehouses to a different site for the use of the coolies, and the extension of an existing septic latrine for coolies situated near the reclaimed area and constructed under the authority of G O. Mis. No. 230, Finance (Marine), dated the 21st April 1928, so as to provide a latrine for the use of clerks working in the warehouses.

Resolved that the revised estimate amounting to Rs. 16,000 for fencing and providing a water tap and two septic latrines at the reclaimed area at the South Accretion be approved and that Government be asked to cancel the sanction accorded in the two Government orders first read above and to sanction, under section 75 of the Madras Port Trust Act, the revised estimate now submitted as supplemental to the estimate of Rs. 4 lakhs above referred to, and, under section 75 of the Act, the debit to Capital of the amount of the revised estimate, funds being provided to Capital by means of contributions from Revenue.

740. Read again Resolution No. 608, dated the 18th November 1921 and G O. thereon No. 807, Finance (Marine), dated the 6th December 1921, approving of an estimate amounting to Rs. 30,500 for the provision of a new and larger cradle for the Trust's slipway as well as of the debit of the expenditure in the proportion of Rs. 16,000 to Revenue head '3. Engineering and Maintenance—v. Plant and piping,' and of Rs 14,500 to Capital.

Read a note by the Chief Engineer submitting a plan and an estimate amounting to Rs. 45,000 for the renewal of the cradle for the Trust's slipway and suggesting that Rs 38,000 of the estimated expenditure be debited to Revenue head '3. Engineering and maintenance—v. Plant and piping' and that the balance of Rs. 7,000 representing the estimated increase in the capital value of the slipway consequent on the proposed renewal of the cradle be debited to Capital.

Resolved that the estimate amounting to Rs. 45,000 as well as the suggested debit of the expenditure be approved and that sanction of Government as required by section 75 of the Madras Port Trust Act be obtained to the debit to Capital of a sum of Rs. 7,000 of the estimated expenditure, funds being provided to Capital by means of contributions from Revenue.

741 Read and recorded a note by the Chairman on the question of the adequacy of the return, obtained by way of rent, on Capital expended by the Trust on the provision of warehouses for lease to merchants.

742. 744. Read a letter No. G. 7/801, dated the 6th March 1929, from the Central Bank of India, Ltd., Madras, on the subject of the notice to depositors and others who tender cheques in payment of the Trust's dues, approved in Resolution No. 668, dated the 22nd February 1929, and requesting that their name be included in the list of banks on whose acceptance or guarantee, as the case may be, cheques tendered in payment of the Trust's dues are treated as cash on receipt pending realization.

Resolved that the addition of the Central Bank of India, Ltd., Madras, to the list of banks detailed in Note (i) of paragraph 1 of the notice above referred to be approved.

Resolved to write off the deficiencies

749. Read a note by the Chairman stating that he proposed to promote Mr. G. M. Ganapathi Ayyar, Board's Meeting Clerk, to be Office Manager, *vice* Mr. J. L. Pinto due to retire from the Trust's service on and from the 1st April 1929 on account of superannuation, and recommending, for reasons given, that on promotion to the Office Manager's post Mr. Ganapathi Ayyar be permitted to draw pay at the rate of Rs. 205 per mensem in the scale of pay of the post, *viz.*, Rs. 165—10—275, simultaneously ceasing to draw the shorthand allowance of Rs. 40 per mensem which he at present draws.

Resolved that the recommendation be approved.
